

## How to buy SND Tokens?

1. If you already have a proper ERC20 compatible wallet, simply transfer ETH from your account to the account of the smart contract listed on our website. You will receive the appropriate amount of SND tokens.

If you do not have a proper ERC20 compatible wallet you can do the following:

2. Create it by using <https://www.myetherwallet.com/> for example. Then you should purchase ETH from any cryptocurrency exchange which offers ether. When buying ether enter the address of your wallet to receive it, then transfer ETH from your account to the account of the smart contract listed on our website to receive the appropriate amount of SND tokens.
3. Create an account on [sandcoin.io](https://sandcoin.io) website. Upon registering, an Ethereum wallet will be created automatically in your personal profile on our website. Then you should purchase ETH from any cryptocurrency exchange and transfer it to your wallet on our website. After the transfer is complete you will be able to see the amount of SND tokens you have acquired.
